

Tara I

The clean lines of the Tara handleset will enhance the appearance of any door. Its classic handle shape and gentle curves are a perfect compliment for its high security features. With a sophisticated trim design, the Tara is as elegant as it is secure. The Tara handleset features a BHMA A156.5 Grade 1 Certified; UL437 Listed deadbolt, high-quality solid brass construction and is available in an assortment of beautiful finishes and styles.

The Perfect First Impression

The graceful Tara handleset will enhance the style and value of any entrance. The brilliant, long lasting finishes on solid brass components ensure long life and lasting beauty.

Unmatched Security

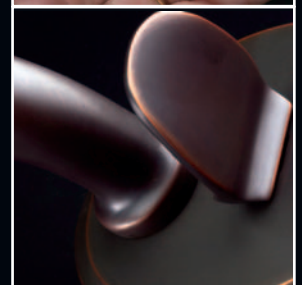

At the heart of the Tara is a UL437 Listed, BHMA A156.5 Grade 1 Certified deadbolt, offering unmatched protection against unauthorized key duplication, picking, drilling, wrenching, kicking, or other physical abuse. A solid hardened steel bolt in heavy gauge steel housing provides maximum defense against physical attack.

Control Over Your Keys

The locking technology in the Tara lockset is BHMA A156.30 Certified, giving you assurance that your keys are fully protected from unauthorized duplication as well as a UL 437 Listing for protection against picking and drilling attacks. With this protection, you are assured of knowing exactly who has access to your possessions and loved ones. The Tara, like all Medeco Residential locks, can be masterkeyed for maximum flexibility.

Available In Many Styles & Finishes

Tara handlesets are also available with a two-piece trim to fit doors with a non-standard lock preparation. The Tara series can be ordered with an interior knob or lever, single or double cylinder deadbolt and in a host of finishes.

Specifications:

Solid brass construction.

Patented key and cylinder system.

Triple locking action makes lock virtually pickproof.

Hardened steel inserts provide resistance to drilling.

1" throw, hardened steel deadbolt resists sawing attack.

Internal bolt shroud protects against attack.

Solid brass collar on the deadbolt spins under pressure so a wrench attack is ineffective.

Certification:

UL437 Listed

ANSI/BHMA A156.5 (Deadbolt)

ANSI/BHMA A156.30 (Cylinder)

Warranty:

Limited lifetime warranty against manufacturers defects when used in residential applications.
